

FAUCETS

BY ROCELL

We've captured functionality in a work of art.

Go beyond the ordinary and into an extraordinary realm of elegance. So much more than functional beauty, Rocell faucets are created for precise performance with the superior function of water-saving, through an unequivocal craftsmanship that is of the highest international standards. Rocell offers you six distinctly unique collections to choose what best expresses your lifestyle. These masterpieces are designed to such beautiful perfection, they will transform your bathroom into a work of art, instantly.

FLAWLESS PERFECTION

Designed by world-renowned experts for superior performance. Chrome plated finish for matchless beauty.

QUICK-FIX

Designed through cutting-edge technology for surprisingly quick and easy installation.

WATER PROTECT

An environment-friendly product that saves water while providing optimum performance.

FREE-FLOW

The use of premium aerators and ceramic cartridges ensures a smooth flow of water.

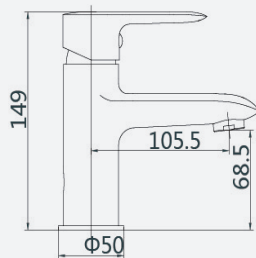

QUALITY ASSURED

The promise of matchless quality and long-lasting durability
